# Senior Excursions

July - December 2024

You may not be a kid anymore, but that doesn't mean you can't go on a field trip for some laughter, excitement, exploration, social bonding, and making new friends.

Many great options exist and outcomes happen when you have a small group of people to share an experience with. For singles especially, getting out of the house is an important part of finding potential partners. You might meet someone doing a shared activity you both enjoy or you could plan fun outings.
